## Winemaker's Tasting Notes

“Aromas of orange zest, honeycomb, melon, honeysuckle, and oak spice on the nose. Spun sugar, butterscotch, and coriander on the palate. Lively and fresh, showing beautifully now.”

## Vintage Notes

Marked by two major heat waves during the year, 2021 brought new record high temperatures all across Oregon. While slightly worrisome in the moment, the 2021 vintage is quickly gaining momentum as one of the best vintages ever for many winemakers in the valley. The month of September is what helped this vintage shine. The Willamette Valley saw a return to average cool-climate temperatures for the entire month. At night the cool air allowed the grapes to ripen slowly, keeping acid levels high while still balanced with the sugars.
